We take much pride in the caddie program at Elgin Country Club. It benefits the members as well as the caddies involved. The experience should always be a pleasant one however, there have been times when a caddie's poor behavior has dampened that experience. This has unfortunately forced us to enact some disciplinary guidelines. These guidelines are as follows:

**Reasons for being reprimanded or fired**

1. Late or do not show for assigned loop  
1<sup>st</sup> Time- 2 Week suspension  
2<sup>nd</sup> Time- Termination
2. Confronting a member or fighting with another caddie or employee-  
Termination!
3. 2 "poor" ratings (-2) or 3 "fair" ratings (0) will require caddie retraining the following year
4. Improper dress: You will be sent home. This may cause you to be late or miss your tee time in which you would receive a 2-week suspension.
5. Refusing a loop that has been assigned to you is grounds for dismissal
6. Any behavior that could be detrimental to Elgin Country Club is grounds for dismissal

\*\*\*We hope we do not have to enforce any of these this season\*\*\*

I attest that I have read and understand these guidelines as well as the entire Elgin Country Club Caddie Guide.

## ASSIGNMENTS

### CADDIE ASSIGNMENTS:

Members may request particular caddies or particular classification of caddies **for tournaments only**. We believe the better caddies should be assigned the better loops. A good caddie is one who:

1. Comes out to caddie on a regular basis.
2. Always presents a neat appearance.
3. Always behaves and follows the rules and regulations.
4. Is always willing to do what the caddie master asks.
5. Achieves good to excellent grades on his caddie ratings.
6. Is willing to go out twice in one day.
7. The more experienced caddies are expected to help develop the less experienced caddies.
8. Depending on member's request for caddies, caddies may be assigned a loop at a specific time and with a specific member. In this case the caddie will be told in advance and will report for his/her assignment at least 30 minutes ahead of the tee time unless told otherwise.

## GETTING LOOPS

We currently use an online website named ForeTees to help with the caddy program. You will all be set up with your own username and password that will allow you to log into the website. From the website you will be able to give me personal information such as emergency contacts, phone number, and your email. Most importantly you will be able to set your availability as well as confirm loops. All loops will be given out through the system which texts and emails the caddy to let them know the time and member they will be caddying for.

The Caddie hotline will still be used as the phone to call if you need help with ForeTees or any other questions you may have. That number is (847)622-4849. If you ever have an emergency the **DAY OF or NIGHT BEFORE** your loop and can't make it you can call (847)741-2707.

This is the Golf Shops direct line and will get you on the phone with someone immediately as the Caddie Hotline is usually only checked a few times a day for messages.

### 4. DOWN THE FAIRWAY:

- a. Know where each ball is in your group.

- e. Replace the flagstick and hustle to next tee.

7. TEAM WORK:

There are so many different situations and responsibilities during a round of golf that is too difficult for just one caddie to handle everything. To make it easier for everyone in the group, the caddies in the group must learn to work as a team and help each other out as much as possible.

8. FORECADDYING:

**YOU WILL NOT BE ALLOWED TO FORECADDIE UNTIL "A" STATUS UNLESS GIVEN PERMISSION BY GOLF PROFESSIONAL OR CADDIE MASTER.**

- a. When group is hitting tee shots, find a large tree for coverage in a spot where you will be able to see the ball's flight.
- b. Throw "ghosts" next to balls that will be difficult for players to locate.
- c. Proceed to determine yardage for each player to the center of the green.
- d. After players reach drives, give yardage. Stand next to cart to watch players next shot, and visually mark all of them. Replace divots for each player, and then run ahead to mark these shots with ghosts if necessary.
- e. As the group approaches the green, proceed with normal green duties; raking bunkers, washing each player's golf ball, tending flag, repairing ball marks.
- f. Riding on golf carts while forecaddying is strictly prohibited.

9. DONE WITH ROUND. NOW WHAT?

- a. Place the clubs on the bag rack in front of the bag room and thank the player.
- b. Clean and count clubs, and make sure all are accounted for.
- c. Ask player if the equipment is to remain in storage, or if it will be going in the car. If the equipment is going in the car, let a Bag room attendant know so that he can take them up after you have cleaned the clubs.
